

### **3 Comments and Responses on the Draft EIR**

This section contains copies of the written and oral comments received on the Plan Bay Area Draft EIR, outlined in the table below. MTC and ABAG received a total of 358 comment letters as well as numerous oral and written comments at public hearings during the 45-day comment period, from April 2, 2013 through May 16, 2013. As required by CEQA, MTC and ABAG evaluated all comments on environmental issues. (CEQA Guidelines § 15088(a).) This Final EIR fulfills MTC's and ABAG's obligation to provide written responses to all comments raising environmental issues received during the public comment period. (CEQA Guidelines § 15088(b).) While MTC and ABAG are under no obligation to respond to comments received after the close of the comment period, this Final EIR also includes responses to comments received through June 13th.

All documents referenced in this Final EIR are incorporated herein by reference and are available for review at the MTC and ABAG offices located at 101 Eighth Street, Oakland, CA 94607. The supplemental reports referenced in the responses can be found on the OneBayArea website at:

<http://onebayarea.org/regional-initiatives/plan-bay-area/draft-plan-bay-area/supplementary-reports.html>

#### **NATURE OF RESPONSES**

This Final EIR includes responses to all environmental comments received on the EIR. Comments on environmental issues are responded to on a point by point basis and often cross-reference Master Responses. Numbers are provided in the margins of each written comment and transcript as a general guide to the responses. Only comments that raise environmental issues are addressed in this Final EIR. Comments on the Draft Plan that do not raise environmental issues are addressed separately by MTC and ABAG and are not responded to in this Final EIR. Comments that do not raise environmental issues are generally not assigned numbers or responded to in this Final EIR.

Section 3 also includes "Master Responses" which respond to frequently raised issues referenced by multiple commenters.

Where appropriate, the information or revisions suggested in these comment letters resulted in changes to the EIR. These revisions are included in Section 2 of this Final EIR.

In accordance with CEQA Guidelines Section 15088(b) MTC and ABAG will provide proposed written responses to comments submitted by public agencies 10-days prior to MTC's and ABAG's certification of the Final EIR.

Responses may include acronyms or phrases employed elsewhere in the EIR or used by the commenter. See Appendix A of this Final EIR for an expanded glossary of terms.

## **ORGANIZATION OF COMMENTS AND RESPONSES**

Comments are organized generally by type of commenter. MTC and ABAG divided commenters into four categories: public agencies (A), organizations (B), individuals (C), and comments received at hearings (D-F). This was done to facilitate responding to comments and to improve readability of the Final EIR. Some letters from organizations may be listed as individuals under the name of the letter's author. Each comment letter has an assigned number, and each individual comment is numbered in the left-hand margin. Letters are numbered in the order in which they were responded to by MTC and ABAG.

Table 3-1 lists all of the comments received and the corresponding number assigned in this EIR. Some individuals submitted multiple letters; these are not necessarily listed together, so please review the entire table. Duplicate letters from the same individual were typically not included.

Attachments to letters are included in Appendices C, D, and E. A number of letters included a significant volume of attachments. The attachments are included in the Appendix in order to improve readability and ensure letters from all agencies, organizations and individuals are able to be easily accessed.

Responses are marked with the same letter-number combination as the comment to which they respond, as shown in the margin of the comment letters. Responses frequently cross-reference another response by this number-letter identifier.

The remainder of Section 3 is organized by category—all of the letters in a category are provided, followed by responses to all the letters in the category. For example, all of the agency letters are followed by all of the agency responses. The comments and corresponding responses are broken up as follows:

- 3.1 Master Responses
- 3.2 Agency Comments
- 3.3 Agency Responses
- 3.4 Organization Comments
- 3.5 Organization Responses
- 3.6 Individual Comments
- 3.7 Individual Comments and Responses
- 3.8 EIR Hearings Oral Comments
- 3.9 EIR Hearings Responses
- 3.10 Plan Hearings Comments on the EIR
- 3.11 Plan Hearings Responses

- 3.12 Written Comments Submitted at Public Hearings
- 3.13 Responses to Written Comments Submitted at Public Hearings
- Appendix C: Attachments to Agency letters
- Appendix D: Attachments to Organization letters
- Appendix E: Attachments to Individual letters

In Table 3-1, an asterisk (\*) marks comment letters with attachments.
